EDUCATION

University of Tennessee, Knoxville	Knoxville, TN
Bachelor of Science in Information Sciences - Concentration in User Experience Design	Expected May 2028
Selected coursework: Python programming, data analysis, information systems, and user-centered design	
University of Virginia's College at Wise	Wise, VA
Undergraduate coursework in Computer Science; transferred to UTK	Aug 2024 - May 2025
Football student-athlete	

RELEVANT EXPERIENCE

Tombras	Knoxville, TN
Incoming UX Analyst Intern	Oct 2026 - Dec 2026
- Selected for the Fall 2026 UX Analyst internship supporting website audits across usability, content quality, accessibility, and SEO. - Will contribute to performance reporting and pre-launch QA/testing by documenting functional, visual, and rendering issues and collaborating on fixes.	
Fibers and Composites Manufacturing Facility (FCMF) University of Tennessee, Knoxville	Knoxville, TN
Undergraduate Media & Website Design Assistant	June 2026 - Present
- Design and maintain WordPress content across 6+ site sections, improving navigation, visual consistency, and readability for research, workforce development, facilities, and student-focused pages. - Create web graphics, research spotlights, social media assets, and photo edits in Adobe Photoshop and Illustrator to translate technical research into clear public-facing content. - Collaborate with faculty and researchers to organize technical information, refine page layouts, and publish accurate updates for students, industry partners, and site visitors.	

PROJECT EXPERIENCE

Netflix Homepage Redesign UX/UI Design, Figma & FigJam	2026
- Redesigned Netflix's homepage to reduce visual clutter and improve content discovery through customizable rows, pinning, hiding, and clearer genre browsing. - Conducted research and translated findings into wireframes, high-fidelity mockups, and an interactive prototype in Figma and FigJam.	
Discord Notifications & Search Redesign UX/UI Design, Figma	2026
- Mapped notification and search flows to identify navigation friction, then redesigned key screens to make important messages easier to discover and manage. - Created user flows, low-fidelity wireframes, high-fidelity UI, and a clickable prototype aligned with Discord's existing design language.	

ADDITIONAL EXPERIENCE

Outback Steakhouse	Kingston, TN
Server	June 2023 - Present
Deliver guest service in a fast-paced environment while managing multiple tables, transactions, and special requests with accuracy and attention to detail.
