## EMPLOYMENT HISTORY

**Fibers and Composites Manufacturing Facility (FCMF) | University of Tennessee** June 2026 - Present | Knoxville, TN

*Undergraduate Media & Website Design Assistant / Social Media & Web Design Researcher*

- Design and maintain FCMF's WordPress website, improving page layouts, navigation, visual consistency, and overall user experience.
- Create digital content for research projects, workforce development programs, student profiles, publications, and facility events.
- Produce graphics, photography, and social media content using Adobe Photoshop and Illustrator while collaborating with faculty and researchers.

**Outback Steakhouse** Jun 2023 - Present | Kingston, TN

*Server*

- Deliver high-quality customer service in a fast-paced environment while managing multiple tables, transactions, and guest needs.
- Built strong communication, multitasking, problem-solving, and teamwork skills through daily customer interactions.

## PROJECTS

**Tesla Homepage Redesign | UX/UI Design, Figma**

- Redesigned Tesla's homepage to improve visual hierarchy, navigation, and engagement while maintaining the brand's minimal aesthetic.
- Created wireframes and high-fidelity mockups with a stronger hero section, clearer typography, and more intuitive content organization.

**Discord Notifications & Search Redesign | UX/UI Design, Figma**

- Redesigned Discord's notification and search experience to make important messages easier to discover and reduce navigation friction.
- Developed user flows, low-fidelity wireframes, and high-fidelity screens while maintaining consistency with Discord's visual language.

## EDUCATION

**University of Tennessee** Aug 2025 - Present | Knoxville, TN

Bachelor of Science in Information Science - Concentration in UX Design

- Developing skills in UX design, user research, Figma, information systems, Python, data analysis, and user-centered design.
